## **NEW AUSTRIAN DEALER FOR JEKKO KOGLER KRANTECHNIK BECOMES JEKKO'S OFFICIAL DEALER**

Jekko is glad to announce that **Kogler Krantechnik** has become the **new official dealer** of the Jekko products in **Austria**.

Kogler Krantechnik has **several decades of experience as cutting-edge supplier of crane trucks** able to **meet their customers' requests for high-quality and performing products**. For those customers asking for a timely and precise service, Kogler relies on a network of service centres and highly-specialized technicians.

**Alberto Franceschini**, Jekko's Sales Director, remarks: *"Kogler is popular in Austria for being customer-oriented, for their wise sales advice and for the top-tier after sale service supplied by technicians specialized in the lifting equipment world."*

*Working with this company has therefore been a simple and obvious choice since Kogler **shares all the crucial aspects of Jekko's philosophy** in supplying the customers with the best all-round working experience, from the purchase of a minicrane, through its on-site use, to the after sales service.*

*In addition, Jekko Deutschland, a company owned by Jekko, will set up a **solid collaboration** with Kogler in order to promote exchanges and relationships in different markets that share the same language and the same needs."*

**Ewald Rescher**, Kogler Krantechnik's Sales Director, adds: *"For over 50 years we've been trying our best to meet our customers' needs for crane trucks. On-site requirements have changed and evolved over time, and special applications have increasingly emerged that underline the limits of crane trucks in terms of accessibility, flexibility and transportability."*

*Jekko Cranes produces equipment that satisfies all these demands and offers a wide range of products to perform all these difficult tasks. We're very proud to be part of the Jekko dealers' network and feel confident that together we'll capture the Austrian minicrane market."*
