

PRESS RELEASE – June 9th, 2025

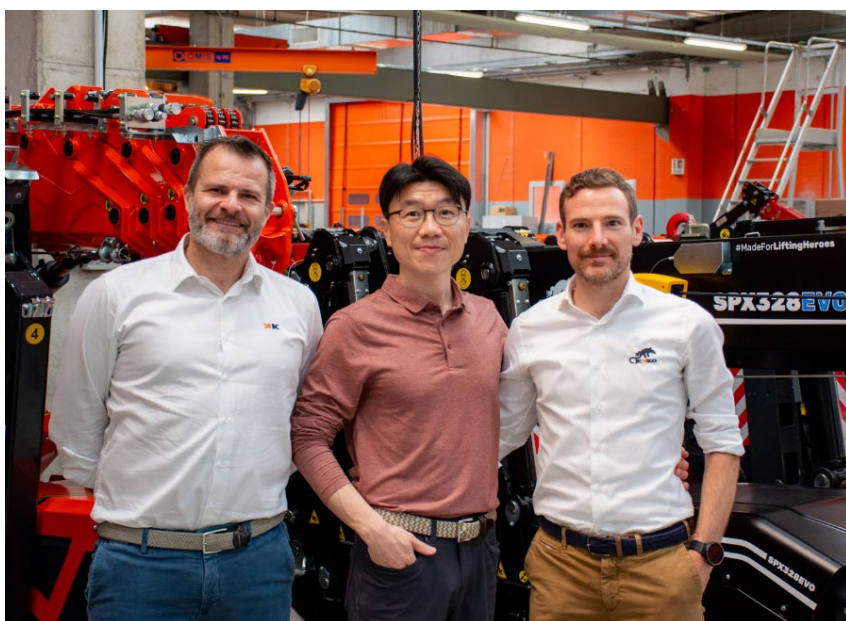

KoWu new Jekko dealer for South Korea

The Company offers full sales, service, and technical consulting
for the whole Jekko range

Jekko is pleased to announce the signing of a new dealership agreement with **KoWu (Subsidiary of Kilwoo Corporation)** for South Korea, effective immediately.

KoWu is a branch of **Kilwoo Corporation**, a well-known name in the South Korean market, specialized in the supply and distribution of heavy-duty lifting, construction, transportation and high-precision measuring equipment. Established in 1980, the company serves as an exclusive distributor for globally renowned brands, including HSC, Link-Belt, Konecranes, Sennebogen.

KoWu Corporation is headquartered in Goyang-si and boasts a wide and specialized team, with detailed technical knowledge and a deep understanding of market needs.

KoWu team will offer for Jekko brand comprehensive services that encompass **sales, service, and consulting**. The dedicated service of pre-sales technical consulting will provide expert guidance to

help customers choose the best equipment for their exact requirements. The service department, deeply trained by Jekko's team, will ensure that all machineries are maintained in optimal condition, minimizing downtime and maximizing productivity. A warehouse stocked with ready-to-ship cranes and spare parts will ensure fast delivery times.

This strategic move marks a significant step in the Company's commitment to growing its presence and providing localized support to customers in the Asian region.

Marco Piccin, Jekko Sales Manager, declares "We see a strong market potential in South Korea, especially in areas tied to urban redevelopment, smart cities, infrastructure, and green building technologies. Jekko Cranes perfectly fit with these needs, with the widest range of battery-operated minicranes ideal for indoor operation and compact units for tight urban jobsites. KoWu Corporation has the right market knowledge to help the Jekko brand to deeply penetrate the market".

Jinhaeng Choi, KoWu Sales Director, declares "Visiting the Jekko facility we got confirmation that they directly handle R&D as well as the overall manufacturing. As an industry-leading company, Jekko shares a strong philosophy regarding the market and customers, which resonated with us. This gave us the confidence that Jekko would be a great business partner, and ultimately led us to decide to move forward with the collaboration."

Kilwoo Corporation will distribute the whole Jekko range, that spans from SPX mini cranes (2.8-8 ton) to JF articulated cranes (6.1-21.5 ton) and MPK minipickers (0.6-5 ton).
