

PRESS RELEASE – August 25th, 2025

GIS Expo and Beyond: A September Full of International Events

September has traditionally been a month packed with trade fairs for the lifting and construction industries. And 2025 is no exception to the tradition.

Jekko and its network of international dealers are already buzzing with excitement preparing for the upcoming events, where we will showcase the latest Jekko product innovations.

At the center of Jekko's exhibition calendar is **GIS Expo** (Piacenza, Italy – September 25–27), Europe's most important trade show dedicated to lifting, industrial handling, and specialized transport. Visitors to GIS will have the opportunity to explore the wide Jekko's stand nr 137- External Area and experience the latest product innovations firsthand, as:

TRX32. The first Jekko truck-mounted minicrane. It's a 3,2 ton -capacity mini crane mounted on a compact truck for standard Category B driving license. Initially unveiled at *Bauma* and introduced to the first Customers, it is already enjoying great success. Thanks to its flexibility and ease of use, we are confident that this model has tremendous potential in markets such as Italy.

SPX532.2. The new generation of the best seller SPX532 speaks for itself. Improved stability system, a new software and user interface, variable speed motor management. Come and try it.

JCX80. The first Jekko Telescopic Crawler Crane. A 8-ton mini crane with a counterweighted base on robust tracks, a mobile turret and a boom that operates up to 90°, perfect for overcoming tight angles and spatial obstacles.

In the mini crane range, other novelties on display will be **SPX328EVO** with new software improvement and **SPX328EVO+** with integrated electric jib; **SPX650** and **SPX1280**. On the articulated family, **JF235** and **JF545.2**. On the minipicker range, the new improved **MPK20.2**, a 2-ton pick&carry mini crane and glass robot.

Alongside GIS, Jekko will also participate in several other prestigious international events throughout September, thanks to its strong global dealer network. Just to mention the European appointments:

- **Maxpo** – Hyvinkää, Finland. August, 28-30, at **Simeri Oy**'s stand.
- **Transport Expo** – Herning, Denmark. September, 6-7 at **Stiholt**'s stand.
- **Vertikal Days** – Newark, United Kingdom. It's THE appointment for British operators in the lifting business. The **Jekko UK** Team will welcome you from 10 to 11 September at stand nr 117 with the latest TRX32 truck-mounted mini crane and many other interesting product novelties.
