

**PRESS RELEASE – September 15<sup>th</sup>, 2025**

## **Jekko Appoints PM CZ s.r.o. as Official Dealer in the Czech Republic**

The Company offers full sales, service, and technical consulting  
for the whole Jekko range

Jekko marks another significant milestone in strengthening a solid and reliable dealer network, a key driver of its international growth strategy. In this context, the company is pleased to announce the appointment of **PM CZ s.r.o.** as its new official dealer in the **Czech Republic**.

With this partnership, Jekko reinforces its presence in Central Europe, ensuring local customers benefit from dedicated sales support, aftersales service, and access to the full range of Jekko products, including mini cranes, crawler cranes, and articulated crawler cranes.

PM CZ s.r.o., a well-established company in the lifting and construction equipment sector, brings years of experience and a strong reputation for professionalism and customer service. The collaboration with Jekko reflects a shared commitment to innovation, reliability, and customer-focused solutions.

PM CZ s.r.o. team will offer for Jekko brand comprehensive services that encompass **sales, service, and consulting**. The dedicated service of pre-sales technical consulting will provide expert guidance to help customers choose the best equipment for their exact requirements. The service department, deeply trained by Jekko's team, will ensure that all machineries are maintained in optimal condition, minimizing downtime and maximizing productivity. A warehouse stocked with ready-to-ship cranes and spare parts will ensure fast delivery times.

PM CZ s.r.o. will distribute the whole Jekko range, that spans from SPX mini cranes (2.8-8 ton) to JF articulated cranes (6.1-21.5 ton) and MPK minipickers (0.6-5 ton), and the new families presented at Bauma: TRX Truck-mounted Minicrane and JCX Telescopic Crawler Crane.

This agreement marks another milestone in Jekko's global expansion strategy, consolidating its position as a reference brand in the field of compact lifting solutions.
